

April 17, 2008 Update

**Malcolm**  
**Thomas**  
**for Superintendent of Schools**  
**malcolmathomas2008.com**

*Below is just one of countless testimonials to the fine character of Malcolm Thomas. Rest assured, he is the man for the job! - Beverly Patteson*

I have known Malcolm Thomas for 19 years. In 1989 my son was in middle school and struggling with academics. Malcolm had been recommended to me as a tutor. I called Malcolm, and he said he was fully booked. I kept talking, and eventually he agreed to give us a trial. That trial lasted 7 years. Under Malcolm's direction, my son went from an average student to an A-B student. Not only did he help with math, but also would help my son on any subject he was having trouble with. We continued receiving tutoring from Malcolm through high school and freshman year of college. Malcolm was a wonderful positive influence.

We have also had Malcolm work on our personal and our office computers. In fact, he did the 2000 year conversion of the office computer and set up a system of backup that was fool proof! We still call him when we have problems, and he is always willing to come.

Malcolm is a wonderful person. He stands for integrity, honesty, commitment, hard work and persistence. He has taught our son to plan ahead and be prepared. I am sure that if Malcolm is elected to the superintendent's position, he will bring his attention to detail, commitment to students and their parents, his planning ability, and motivational capacities to all of the students of Escambia County. His reason for running is he cares for the welfare of children and wants to help all children receive the best education our system can provide. Escambia County would be lucky to have Malcolm as our superintendent.

Harriette Yarbrough

*Hear from more people who are convinced **Malcolm Thomas** is the **best** choice by attending the kick-off event May 17, at Cordova Square from 11:00 A.M. until 2:00 P.M. There will be food, fun, and live music for people of all ages! Don't miss it!*
